Dues System, etc.

Dear members,

We have good news and bad news. The good news is that we now have 93 members and supporters and we are growing steadily. The bad news is that our numbers have made our dues collection system very time consuming. We have decided to change to a uniform calendar year dues system, which unfortunately means that we must ask some of you to pay an odd amount of dues this month. We would like all of you except those who are paid through the last quarter of 1986 (or beyond) to pay dues this January, no matter when you last paid, so that the entire chore can be done quickly once each year. To make this easier, we have enclosed an individualized form and a return envelope. The dues rate has not changed and the amount of dues we would like you to pay has been prorated appropriately as set forth on your form.

The winter journal issue is devoted to convenience: instead of the usual research article, we are distributing a shopping list, which is the updated handbook arranged alphabetically by country, in Scott catalogue order, for use as a want list and for shopping at stores, stamp shows and bourses. Be sure to tell us if you find any discrepancies or issues we haven't listed. Next issue we will return to research.

We have had a steady flow of good articles for the journal for the past three years. We would like to encourage each of you to help us continue that important work. If you have a particular interest in any gay topical subject, write it up and send it in. If you wish, we can assist you with researching, editing or illustrating your article. We will also set your article on the word processor so you don't have to worry about typing a perfect draft.

Also remember that you can use the journal to communicate with other members about your collecting interests, stamp show travel plans or whatever. We hope to hear from you during the coming year and wish you the best.

Sincerely,

GAY AND LESBIAN HISTORY ON
